

air+mix

REF: R80-600

DESCRIPTION

Custom and breathable fire-retardant race suit FIA 8856-2018 | Air+ Mix

The Air+ Mix combines the breathability of the Air+ with the full customization of the Unic+ in a FIA 8856-2018 certified fire-retardant race suit.

Made with 80% Air+ fabric in key areas and 20% Unic+ fabric, it offers ventilation and custom design without compromising performance.

Includes elastic bands at the waist and underarms for better mobility. It has a RET value of 8.3 m²/pa/w, making it one of the most breathable FIA suits.

Designed and produced 100% in-house in Barcelona.

RET 0-6: Very good → extremely breathable

RET 6-13: Good → highly breathable

RET 13-20: Normal → breathable

RET 20-30: Poor → low breathability

FEATURES

- Composition: 80% Air+ and 20% Unic+
- FIA 8856-2018 homologation
- RET value: 8.3 m²/pa/w
- Sublimable design area (Unic+ panels)
- Available in standard or custom sizes
- Made in Barcelona
- Approximate weight: 1.2 kg

PROPERTIES

- Highly breathable
- Customizable
- Ergonomic design
- Antibacterial
- Extra soft
